

# SUBLETHAL

## Manual – Connect to DVR

2019 v1

### Introduction

The CCTV camera on a Remote Gun is completely separate from the control circuitry. This means that any camera can be mounted instead of the default HIKvision camera. The CCTV cable can be connected directly to a DVR or other recording device.

### Tools Required

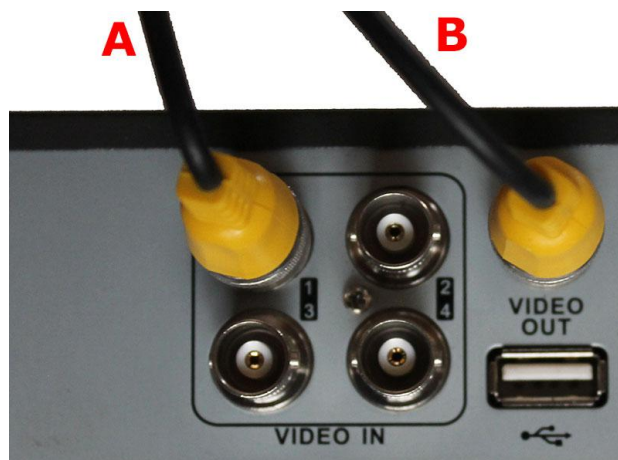

- no tools are required

### Parts Required

- length of CCTV cable with BNC connectors
- DVR or other recording device

### Recording

1. Unplug A from the SUBLETHAL BNC BOARD (black)
2. Connect A to the DVR VIDEO IN

3. Connect another CCTV cable from the DVR VIDEO OUT, as shown in B above to the SUBLETHAL BNC BOARD (black)
